No. G. 11

MYSORE ARCHAEOLOGICAL OFFICE,

BANGALORE, 26th JULY 1916.

From

Praktana-vimarsa-vichakshana

Rao Bahadur R. NARASIMHACHAR, Esquire, M.A.,

Officer in charge of Archaeological Researches

in Mysore & Compiler, Mysore Gazetteer,

To

D.M. Narasinga Rao, Esquire, B.A., B.L.,

Secretary to the Government of

His Highness the Maharaja of Mysore,

General Department, B A N G A L O R E.

Sir,

With reference to your letter No. G.765 dated the 18th July 1916 requesting me to submit for the information of Government a report of the progress made up to date in connection with the revision of the Mysore Gazetteer, I have the honour to -- report as follows:-

1. Though orders entrusting me with the revision of the Mysore Gazetteer were passed by Government at the close of July 1914, the establishment for the Gazetteer work was sanctioned in the middle of October by Government Order No. G.3716-7/G.M. 158-14-8 dated 17th October 1914. The Archaeological Head-clerk, who was appointed as the First Clerk in the Gazetteer section, was not able to attend to Gazetteer work exclusively till he was completely relieved of his archaeological work in December 1914 by another clerk reverting to the department from the Public Library, Mysore. The Second Clerk for the Gazetteer section joined the appointment in December. So regular work in the Gazetteer section may be said to have commenced from December 1914.

2.

2. The first step taken in the revision of the Gazetteer work was a request addressed to Heads of Departments, Deputy Commissioners and other officers to kindly go through those - portions of the Gazetteer which concern them and favor this office with their suggestions as regards additions and alterations to be made. Some Heads of Departments have sent in notes embodying the desired information, while others have intimated that notes concerning their departments are being prepared and will be forwarded soon after completion. The Deputy Commissioners, excepting those of Bangalore and Hassan, have sent in copies of Hand-books of their Districts, stating that all the requisite information can be had from them. These Hand-books and the notes received from the Heads of Departments are being carefully gone through. Further references are also being made for items of information not found in the notes and Hand-books. The information received till now is, after careful scrutiny, being got ready for publication. Alterations and additions are also being made in several parts of the old Gazetteer in the light of new discoveries.

3. The next step taken was the preparation of the necessary Statistical Tables for the Gazetteer. This work takes up much time, as figures for these Tables have to be deduced in a majority of cases from figures in the Census Tables and other - departmental Reports. In some cases, figures have to be obtained by a reference to other offices. The Statistical Tables hitherto prepared for the Gazetteer are:-

(a) Tables for the Districts
(b) Tables for the Taluks

} both prepared in the light of the Census of 1911.

(c) Tables of the Municipal Administration of the State, prepared in the light of the Government Administration Reports.

(d) Tables for all Municipal towns in the State arranging them territorially with population by religion.

(e) Tables for the Districts, arranging the population according to religion, age and sex and showing what percentage of the whole population of the district each religion is.

(f) Tables for the Special Hospitals under several heads to supplement the notes received from the Senior - Surgeon.

Besides, Statistical Tables relating to other departments, such as Registration, Public Works, Civil & Criminal - Courts &c are in course of preparation.

4. As regards preparation of maps &c., for the Gazetteer, it may be mentioned that a geological map has been got ready and an up-to-date map of Mysore is under preparation.

5. I may be permitted to take this opportunity to urge on the notice of Government the fact that the revision of the Gazetteer being a very important work, it is not easy to perform it satisfactorily as part of office routine, though I have been - doing my best in the matter in the midst of several items of work demanding my personal attention. I would therefore suggest for the favourable consideration of Government the appointment of a competent Assistant for a period of two years to help me in this work. This will tend to the satisfactory and - speedy completion of the work. It is not intended that a new man should be brought for the post. The services of a competent man already in the service may be lent to this department for the required period. If I may be permitted, I would suggest the name of Mr. M. Rama Rao, B.A., B.L., of the Police Department, who is a Sanskrit graduate, for the post on a salary of Rs. 250/-.

6. I would finally draw the attention of Government to the absolute necessity of sympathetic co-operation on the part of all officers in the interests of this important work. Several officers have not yet favoured me with information in spite of frequent

frequent reminders. While welcoming the District Hand-books for the items of information contained in them, I would **rather** wish, for ensuring thorough accuracy, that the Deputy Commissioners or some responsible officer under their guidance, read through the few pages in the Gazetteer relating to their Districts and noted down additions and alterations that would -- naturally suggest themselves to them. This would greatly - facilitate my work. I may add that the Collector of the Civil and Military Station has actually done what I have suggested - above and sent his notes through the Secretariat.

I have the honour to be,

Sir,

Your most obedient servant,

L. Narasimhachar

Officer in charge of Archl: Researches in Mysore & Compiler, Mysore Gazetteer.
